HANLEY PLANT

Design with color.

The sky is the limit when we talk color at Glen-Gery. Our glazed and klaycoat lines allow us to manufacture an unlimited number of colors, including custom colors, that are not achievable through traditional manufacturing methods. Glazed are available in gloss, semigloss and matte finishes. Our klaycoats have a matte finish with a breathable surface, allowing liquids and vapors to pass in and out without damaging the permeable surface.

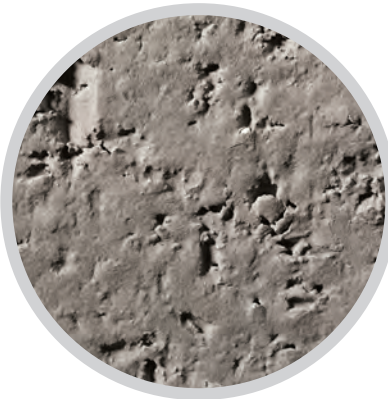

Our traditional extruded line offers a wide range of natural, earth tone colors from light cream-white shades and standard reds to charcoal tones. Most colors are available with more range (flashed) and/or with ironspots to add variety. Multiple products may also be blended to create a more custom look.

Design with texture.

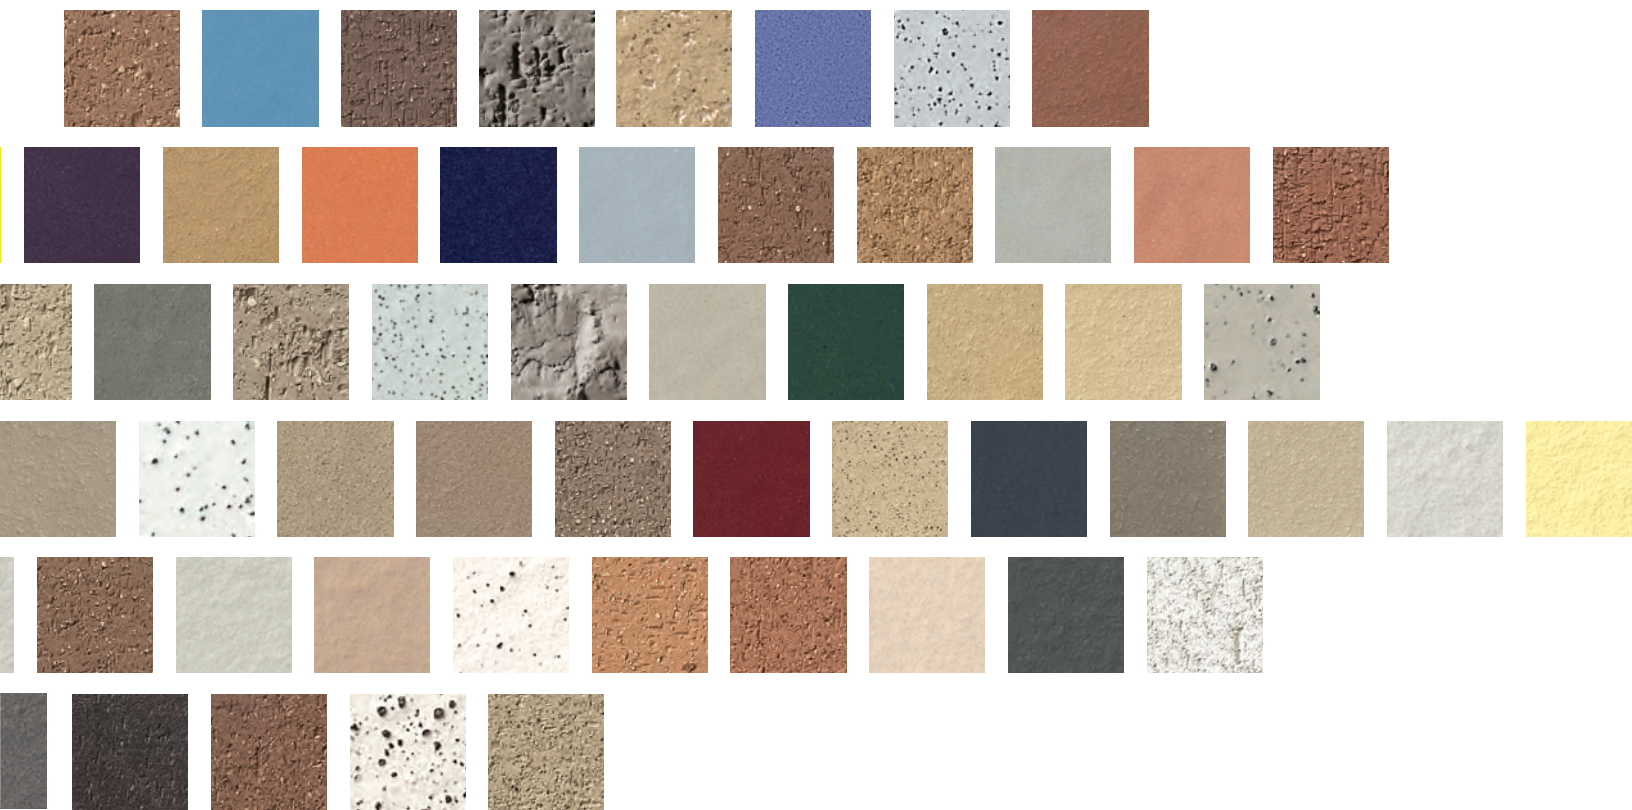

SMOOTH

ROUGH

WIRECUT

Choose from six unique textures that will have passersby reaching out to touch and feel. Our Hanley Plant goes above and beyond the traditional smooth and wirecut brick surfaces. Products are also available in rough, stone rolled, warble and craftsman surface textures. Select a non-traditional texture to give your brick a truly distinctive look *and* feel!

STONE ROLLED

WARBLE

CRAFTSMAN

Design with size.

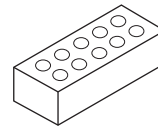

Decisions, decisions, decisions! After choosing a color and texture, a size must be selected. Too many choices? We think not!

The eight sizes shown on the right are our most popular sizes but the size offering does not end there, the Hanley Plant can manufacture more than a dozen different sizes.

Nearly all our products are available in thin units, both extruded and cut.

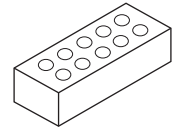

Black color – Black Pearl
Grey color – Urban Grey

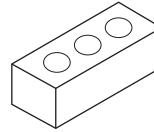

Modular

3-5/8 x 2-1/4 x 7-5/8
6.75 units/sq. ft.

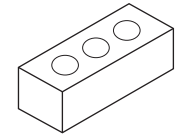

Standard

3-5/8 x 2-1/4 x 8
6.55 units/sq. ft.

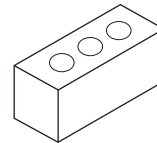

Engineer Modular

3-5/8 x 2-3/4 x 7-5/8
5.63 units/sq. ft.

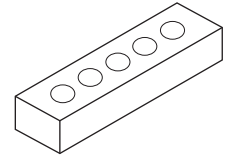

Engineer Standard

3-5/8 x 2-3/4 x 8
5.39 units/sq. ft.

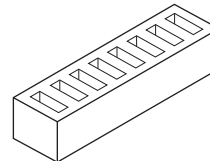

Econo

3-5/8 x 3-5/8 x 7-5/8
4.50 units/sq. ft.

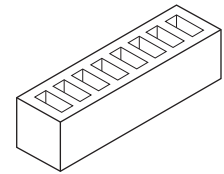

Norman

3-5/8 x 2-1/4 x 11-5/8
4.50 units/sq. ft.

Kingston

3-5/8 x 2-3/4 x 11-5/8
3.75 units/sq. ft.

Utility

3-5/8 x 3-5/8 x 11-5/8
3.00 units/sq. ft.
